Blade Construction
SHOWS THE SUPERIOR CUTTING EDGE

- Forged Steel —
Heat Treated —
Forge Finish

- Patented Elliptical Shape with
Deep Serrated Edge Holds Grass
and Weeds Until Cut Clean

TRUE TEMPER Kelly Perfect Weed Cutter

- Razor sharp edges are machine ground and polished.
- Channel steel bow arms, fully heat treated for strength.
- Blade attached to bow arms with Sims lock nuts.

True Temper's improved grinding method of the deep serrated blade produces an extra sharp cutting edge and the patented elliptical shape centers the power of each swing. Blade is tumblasted and peined clean, then dipped in rust resisting lacquer. Blade is easily removed for sharpening. Length of blade 14", width at ends 2½". Fire Hardened oval handle 31" long. Bow arms are bolted to handle and finished in bright blue lacquer.

TRUE TEMPER GRASS CUTTERS

"The Golfer" — Built Like a Fine Golf Club

- Genuine golf club shaft, tubular steel, chrome plated.
- Standard golf club grip of rubber, fiber — non-slip.
- Serrated double edge blade, machine ground razor sharp — elliptical shape to hold grass until cut clean.
- Blade forged, heat treated and tempered to stay sharp.

The finest quality Grass Cutter available — see back cover of this catalog for complete description. Homeowners who play golf will want this new tool that "feels" and swings like a golf club . . . helps their golf game while cutting grass.

Forged blade is 9" long by 1½" wide, finished in matching silver color lacquer and bolted to chrome-plated shank. Blade is removable for easy sharpening. Each carton of 4 "Golfer" Cutters contains a colorful counter easel to display one of these new tools.

| Cat. No. | Overall Length | Weight Each | Packed |

TRUE TEMPER Kelly Perfect Grass Cutter

- Serrated double edge blade, machine ground razor sharp — elliptical shape to hold grass and weeds until cut clean.
- Blade forged from high carbon scythe grade steel.
- Heat treated and tempered in electrically controlled furnaces.

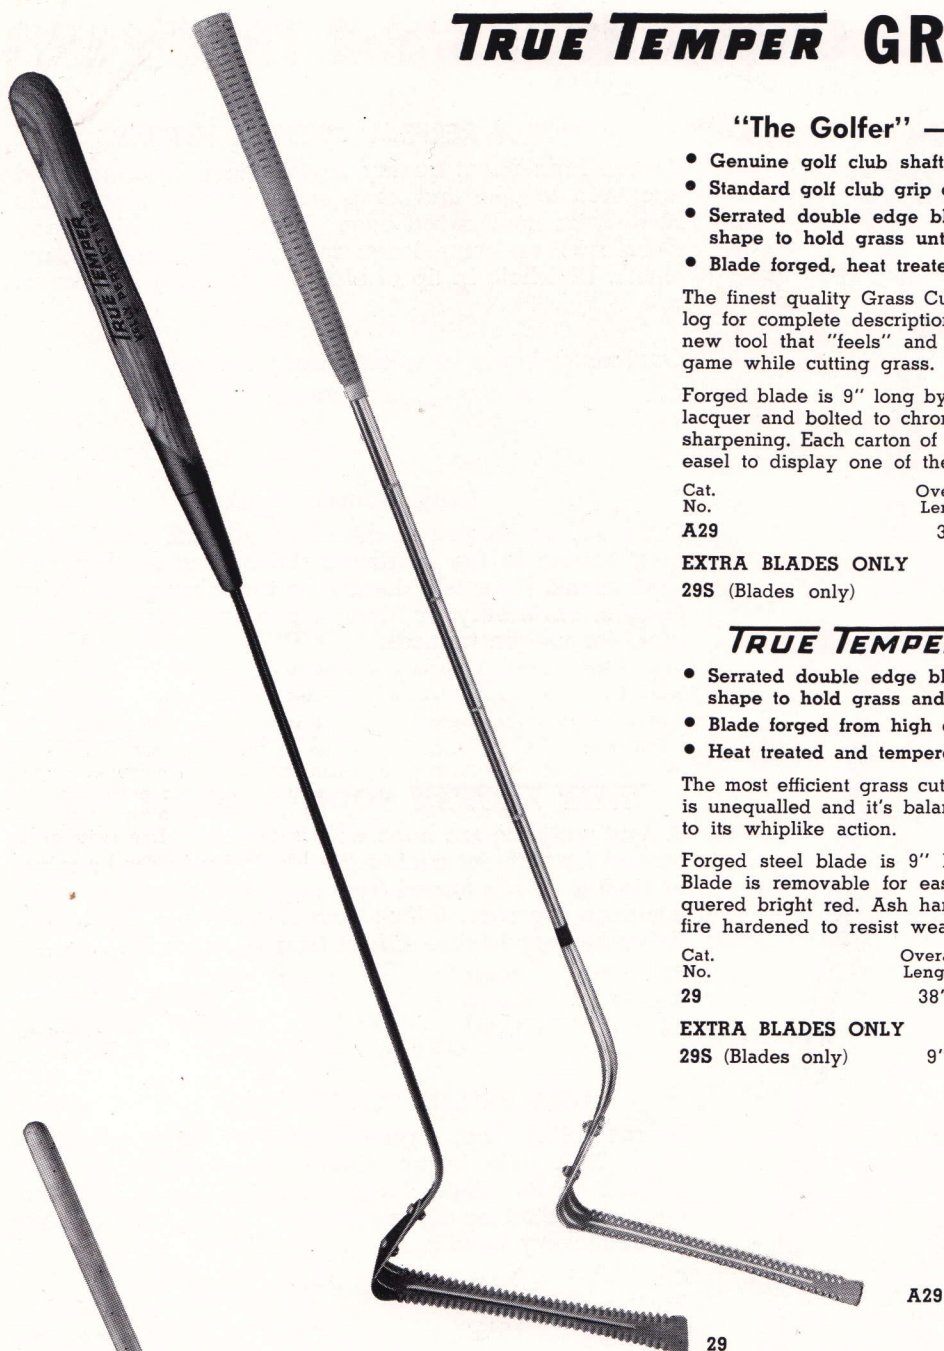

The most efficient grass cutter of its type because the blade construction is unequalled and it's balanced to swing easily. Spring steel shaft adds to its whiplike action.

Forged steel blade is 9" long by 1½" wide; firmly bolted to shank. Blade is removable for easy sharpening. Shaft and handle ferrule lacquered bright red. Ash handle is shaped for a comfortable grip and is fire hardened to resist weather and wear.

| Cat. No. | Overall Length | Weight Each | Packed |

TRUE TEMPER BUSH

TRUE TEMPER Bulldog Scythes

Heavier Weight for Railways and Industry

Built for the roughest kind of use in heavier growth or wherever maximum strength is required—used and recommended for railway right-of-ways. One-piece forged construction, no welds or seams. Web groove extends through the heel for rigidity and extra support. Blade beveled on both sides due to heavier construction. Half set for general use. Forge finish. Polished tip. Packed 6 per carton.

COMBINATION PATTERN

| Cat. No. | Blade Length | Blade Thickness | Blade Width | Heel Width | Weight Each |
|----------|--------------|-----------------|-------------|--------------|-------------|
| BD | 26"-30" | .060" to .075" | 1 7/8" | 3" to 3 1/2" | 39 oz. |

TRUE TEMPER BULL DOG

TRUE TEMPER TREE LOPPERS

2-Piece Extension Pattern

- 12 ft. joined hardwood handle with metal clamp.

Used by homeowners as well as orchardists and professional tree trimmers. Sturdy steel hook with steel strap ferrules riveted to handle in 3 places. Heavy steel blade, hardened and tempered. Cuts up to 1" branches. Long rope attached to operating arm. 12 ft. stained hardwood handle—composed of two 6 ft. sections joined with metal clamp. Can be used as 6 or 12 ft. pruner.

| Cat. No. | Length | Weight Each | Packed |
|----------|-----------------|-------------|--------------|
| 12W2 | 2 — 6' sections | 6 lbs. | 3 per bundle |

Extra Handle Sections for 12W2

| Cat. No. | | Weight Each | Packed |
|----------|--------------------------|-------------|--------------|
| W2T | Top handle section 6' | 1 1/2 lbs. | 6 per bundle |
| W2B | Bottom handle section 6' | 1 1/2 lbs. | 6 per bundle |

2-Piece Pulley Type

- Two — 6' Handles make 12' extension.
- Steel cable chain works on ball bearing pulley.

A new professional quality pruner with easy cutting action. Operating rope is 12 feet long and is attached to chain cable which works through ball bearing pulley. Cuts up to 1" branches with ease.

Durable malleable iron head with compression recoil spring. Two six foot stained hardwood handle sections joined with steel side plates. Can be dismantled quickly for use as 6 foot pruner and for storage.

| Cat. No. | Length | Weight Each | Packed |
|----------|-----------------|-------------|---------------|
| 12P2 | 2 — 6' sections | 5 lbs. | 3 per bundle |
| 12PB | Extra Blades | | 12 per carton |

Aluminum 3-Piece—Extends to 12 Ft.

- Weighs only 4 1/4 lbs. complete.
- Rubber bumper and cap.

30% lighter in weight yet stronger because the two 4 ft. extension handles are made of aluminum tubing. Lower section telescopes into middle section for easier storage. Bolt and wing nut assembly. Top section is sturdy hardwood lacquered bright red. Steel limb hook has strap ferrules riveted to top section in 3 places. Long rope attached to operating arm. Can be used as 4, 8, 10 or 12 ft. pruner.

| Cat. No. | Length | Weight Each | Packed |
|----------|-----------------|-------------|--------------|
| 12A3 | 3 — 4' sections | 4 1/4 lbs. | 3 per bundle |

Waters Pattern

- One-piece handle.
- Available in 4 lengths.

Designed for general purpose use where the advantages of the extension handle are not needed. Operated by lever connected to heavy blade of high carbon tempered steel. Cuts one inch branches easily. Sturdy steel hook with strap ferrules riveted to hardwood handle. Handle grip is slotted and riveted to operating lever. Cuts up to 1" branches.

| Cat. No. | Length | Weight Each | Packed |
|----------|--------|-------------|--------------|
| 6W | 6' | 3 lbs. | 6 per bundle |
| 8W | 8' | 3 1/3 lbs. | 6 per bundle |

CONFIDENTIAL PRICE AND TERMS SHEET No. 7755 — JULY, 1955

Detailed descriptions will be found in Catalog No. 7755 dated July, 1955

QUOTATION

Prices, discounts and terms subject to change without notice. All agreements are contingent upon strikes, accidents or other causes beyond our control. Unless otherwise agreed to in writing by an officer of this company, this sheet will constitute our entire terms and obligations upon our acceptance of any order, regardless of the terms, stipulations, etc., in any request for quotation, or as may appear in any order form now or later submitted by the buyer.

SPRING DATING

Orders for immediate requirements and for at-once shipment are subject to regular terms.

Goods to be used for spring trade, shipped to wholesaler's stocks between August 1, 1955, and March 1, 1956, take dating as March 1, 1956 and will be due and payable net on April 1, 1956. If paid on or before March 10, 1956, a cash discount of 2% will be allowed. Invoices carrying advance dating are due for discount ten days after the advance dating shown thereon.

PRICE GUARANTEE

All orders accepted by us after August 1, 1955 are guaranteed against our own decline up to April 1, 1956. This guarantee applies only to stock shipped after August 1, 1955 and on hand in Distributors' warehouse at time of decline.

All orders accepted by us prior to November 1, 1955 which specify shipment at our convenience will be guaranteed against price advances.

Orders placed with us after November 1, 1955 will be accepted for shipment at prices in effect on shipping date.

PREPAYMENT INTEREST

Interest at the rate of six per cent (6%) per annum will be allowed for prepayment on all goods intended for spring trade, shipped between August 1, 1955 and March 1, 1956. This interest applies from date of payment only, and is to be calculated on the net amount after cash discount has been deducted.

SHIPPING TERMS — Merchandising Units G44 and G44W

F. O. B. CHARLESTON, W. Va.

On all shipments weighing 200 lbs. and over (3 or more units), to Distributors' stocks, $\frac{2}{3}$ of freight will be allowed on the basis of the most advantageous rate, excluding delivery charges. This arrangement provides full delivery on shears and display unit included in each merchandising unit.

SHIPPING TERMS — Hedge Shears, Pruning Shears, Lopping Shears, Grass Shears, Tree Pruners

F. O. B. CHARLESTON, W. Va.

On all shipments of Garden Shears weighing 200 lbs. and over, to Distributors' stocks, full freight will be allowed on the basis of the most advantageous rate, excluding delivery charges.

SHIPPING TERMS — Scythes, Grass Hooks, Bush Hooks, Grass Cutters, Weed Cutters

F. O. B. CHARLESTON, W. Va.

All freight equalizations and freight allowances will be based only on rail rates.

On shipments weighing 200 lbs. or more, to Distributors' stocks, freight will be equalized only on the basis of the most advantageous rate from points listed below, excluding delivery charges.

SCYTHES—East Highgate, Vt., Oakland, Me.

BUSH HOOKS—Collinsville, Conn., Wannanish, N. C., East Highgate, Vt., Oakland, Me.

GRASS HOOKS—East Highgate, Vt., Oakland, Me., Philadelphia, Pa., Reading, Pa., Watertown, Wis.

GRASS CUTTERS—Columbus, Ohio, Watertown, Wis., Oakland, Me., Seymour, Ind., Parkersburg, W. Va., Philadelphia, Pa., Reading, Pa.

WEED CUTTERS—Columbus, Ohio, Jackson, Miss., Seymour, Ind., Parkersburg, W. Va., Oakland, Me., Philadelphia, Pa., Wannanish, N. C., Reading, Pa.

SHIPPING TERMS — Handled Ditch Bank Blades F. O. B. CHARLESTON, W. Va.

On shipments weighing 200 lbs. or more, to distributors' stocks, freight will be equalized only on the basis of the most advantageous rate from points listed below, excluding delivery charges.

Wannanish, N. C., Indianapolis, Ind.

DIRECT SHIPMENTS

Direct shipments are F. O. B. Factory and are not subject to any freight equalization.

A charge of five per cent (5%) will be made on all goods shipped direct to buyers' customers or to destinations other than buyers' established place of business, except that on goods for direct shipment to railroads, municipalities, state governments or the federal government, the direct shipment charge will be waived and freight will be equalized with the nearest recognized operating factory.

SPECIAL PACKING

For any and all items specified in less than standard factory package, a special charge will be made for each broken package.

DEALER EXTRA FOR SPECIAL PACKING

For any and all items specified by the Dealer in less than standard factory bundle, package, carton, or box, we suggest a minimum charge of additional 5% over suggested Dealer prices.

DISTRIBUTION CARS

An extra charge of five per cent (5%) will be made on all goods put up and tagged ready for re-shipment, and included in cars for distribution.

SETTLEMENT TERMS

Goods ordered for immediate requirements and for at-once shipment are subject to regular terms.

Due net thirty (30) days from date of invoice. Invoices dated between the 1st and 15th of the month inclusive may be discounted at two per cent (2%) on or before the 25th of the same month. Invoices dated between the 16th and last day of the same month inclusive, may be discounted at two per cent (2%) on or before the 10th of the following month.

INTEREST ON PAST DUE ACCOUNTS

Interest at the rate of six per cent (6%) per annum will be charged on all past due accounts.

PLACE OF PAYMENT

All payments to be made to the order of True Temper Corporation, 1623 Euclid Avenue, Cleveland 15, Ohio.

TRUE TEMPER Corporation
FORMERLY THE AMERICAN FORK AND HOE COMPANY

1623 EUCLID AVENUE

CLEVELAND 15, OHIO

August 3, 1955

Mr. R. M. Stowell, Treas.
Emerson & Stevens Manufacturing Co., Inc.
Oakland, Maine

Dear Mr. Stowell:

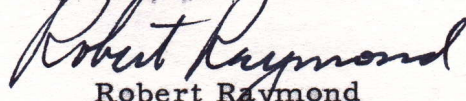

In answer to your August 1st letter regarding our new season prices on Scythes, copy of which we mailed to you.

Would say that these prices were effective the date of their issuance, and no orders have been or will be taken at old prices.

Trust this is the information you are wanting.

Kindest personal regards.

Very truly yours,

Robert Raymond
Vice President - Sales
